

Dear all,

Due to the corona-situation, we have decided to postpone the UCFS-day until the fall (we will get back with a new date later). Even though it would have been possible to go online, we believe that personal meetings and informal discussions are such an important part of the event, and therefore a webinar is not optimal.

I am sorry for any inconveniences this may cause you. If you already have made travel arrangements and cannot get reimbursed, let us know and we will take care of it.

I wish you all the best in these difficult times and hope to see you in the fall of 2020 if not earlier

Best

Eva
